

# Be ViVid

A **complete head-to-toe** collection with 11 new products. Versatile and multipurpose. And with a carefully thought-out mix of **base layers, midlayers and outer layers** to wear both during and after work hours. Adapted to different working and weather conditions.

Looking for a **fresh, stylish and contemporary look** in which you can be completely yourself? Thanks to the surprising range of colours, **you can mix and match** our clothing to suit your preferences.

“

Literally, the word “vivid” means vibrant and full of life. So we decided to let the colours and textures in this collection completely embody this.

DASSY® Jasper / DASSY® Tama / DASSY® Bryce / DASSY® Virunga

## INNOVATIVE MATERIALS AND TEXTURES

- ripstop: tough, tear-resistant and durable weave
- recycled fabric in every garment: recycled polyester and BCI cotton

- fabric is PFC-free, with no intentional use of PFCs
- for the first time in the DASSY® line: unique waffle fabric
- V-lines: a subtle nod to the collection's name

STAND OUT

NEW

The simple look & feel has been well thought out. With us, the required **functionality, mobility and necessary comfort** always come first.

DASSY® Sintra / DASSY® Zion

## DASSY ViVid® STANDS FOR...

- We encourage you to express your unique identity. Show who you are and feel proud in your work outfit. Before and after working hours. That's why we've included "id" in the name.

- You'll notice V-lines in every garment. The "V" in ViVid is a gentle nod to this innovative detail.

A vibrant collection also needs vibrant product names. That's why each garment is named after a national park teeming with life. Places of vibrancy and colour: different natural phenomena, the presence of various wildlife species and the impact of the seasons on the landscape.

DASSY® Jasper

## TROUSERS

Classic work trousers and work trousers with 4-way Cordura® stretch knee pockets for kneeling work. You'll find them all in our ViVid range. We also have a very practical pair of shorts. Each pair of trousers has multi-purpose tool pockets.

**A DASSY® first: DASSY ViVid® trousers have an engineered fit.**

That means:

- a curved waistband, so that the trousers are squat-proof and stay nicely in place.
- preformed knees and legs for extra comfort.
- Super Flex, a two-way stretch fabric for optimal mobility.

- available in three inside leg lengths
- with an extendable hem
- with adjustable back elastic

**TIP**

Combine the DASSY® Jasper work trousers with our certified Fides knee pads. For the best knee protection.

DASSY® Dolomiti / DASSY® Yala

## TOPWEAR

Our extensive range of layers means you can put on layer after layer of protection in different working and weather conditions. Brave every season with the colourful DASSY ViVid® collection.

Classics like T-shirts and polo with brrr® Triple Chill Effect technology are not missing.

**We're also introducing two brand-new DASSY® tops: an insulated jacket and a light raincoat! And our midlayer jacket is made of a unique waffle fabric.**

For our tops, the engineered fit means:

- clearly defined sleeves and shoulders, suitable for vigorous movement.
- seams moved to the side and/or back to prevent rubbing.

**OUR CONSCIOUSNESS IS GROWING,  
THAT'S A FACT.**

**DASSY ViVid® is our first environmentally-conscious collection.** It is not only that we are thinking in terms of sustainability in our choice of materials. The way we package our workwear has also received a greener upgrade. For example, you will now find our DASSY ViVid® products packed in a 100% recycled plastic shipping bag. In addition, our hang tags are printed on FSC-certified paper.
